-28 SHEEP—315 POUNDS.

Norman Beatty Gets That Much

Wool And Thinks His Flock Is Hard To Beat.

"Bah! bah! black sheep, have you any wool?" How many pounds can you produce for your master?

Norman Beatty of Twin Lakes has lately sheared his flock of Shropshires and says the 28 head gave him a total of 315 pounds, an average of 11 1-4 pounds each. This Mr. Beatty thinks is a good average and doubts if there is another flock in the county that can equal it. If there is one, let us hear from it.

Antioch Services Closed.

The Sunday services closed the annual June Conference meetings of the Church of God, at Antioch. Sunday is always the big day of the convention and tradition held true yesterday when about a thousand people assembled on the grounds. Had the weather been fair this number would have been doubled.

R. G. Huggins of Cleveland, O., Joseph Williams of Frankfort and J. P. Waggoner of Rochester were the principal speakers of the sessions. Services were held all day Sunday, the last one being held at 7:30 last evening.

Mrs. Mary Ann Shirley, a pioneer member of the church, bequeathed in her will \$250 for the repair and keeping of the church.

It is stated by members of the church that if the Interurban is completed south of Plymouth this church will become the center of the sect. As the situation is now, it is too difficult a matter to transport the visiting members to and from the church and entertain them conveniently. The next conference will be held at Hillsburg, Ind., in September at which time officers will be elected.

Lightning Kills Few.

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50c at Fred Wenzler's.

We desire to express our heartfelt thanks to the neighbors and friends for their kindly assistance during the funeral of our beloved husband and father, also to the choir.

She had a severe bronchial trouble and a dreadful cough. I got her a bottle of Dr. King's New Discovery, and she soon began to mend, and was well in a short time."

Infallible for coughs and colds, its the most reliable remedy on earth for desperate lung trouble, hemorrhages, la grippe, asthma, hay fever, croup and whooping cough. 50c, \$1.00. Trial bottle free. Guaranteed by Fred Wenzler.

LICENSE EBERT BROS.

June Term of Commissioners Court

Was One of Few Important

Transactions—Arch Con-

tracts Let.

The County Commissioners were in session Monday, Tuesday and Wednesday for the June term, but not much business of importance was transacted.

A wholesale liquor license was granted to Ebert Bros. for Plymouth. The license fee for this is \$200, and allows them to sell anywhere in the state.

Applicants for headstones were made for Mary Heckart, Geo. W. Rish, Howard Templeton, Mrs. Daniel Cole and Sidney Flagg.

Wm. Fries made his first report as superintendent of the county farm. The report showed a careful inventory of the receipts, disbursements and personal property on hand, June 1. Mr. Fries was authorized to buy a new range, and to sell three calves.

No bonds will be issued on the Jacob Keyser ditch, commonly known as the Yellow river ditch, for reasons presented by superintendent of construction, Percy J. Troyer. These reasons are:

(1) That the amount still to be collected is so small that the expense of a bond issue is not warranted.

(2) The financial condition is such that taken in connection with unsettled litigation in respect to the issue of gravel road, ditch and improvement bonds that the bonds could not sell for the proper value they should.

The commissioners made their report on the school funds held by the county, which showed \$21,059.63 in the Congressional fund and \$86,51.03 in the Common school fund.

Repairs To Be Made.

The county surveyor was directed to prepare plans for a new porch on the east side of the Infirmary similar to the one on the west side. He is also to prepare plans for repair of the front and back porches of the jail, the outside stairway and for painting the sash and iron gratings. He is also to prepare plans and specifications for the Brownlee bridge. All these plans are to be filed for the July term of court.

The auditor is to advertise for 50 cords of 4-foot wood for the asylum and jail.

The arch over the August Feldman ditch in German township is to be built by E. J. Coar of Elva Green for \$205. Kitch & Vanskyhawk were given the contract for the arch over the Hershberger ditch in the same township.

Shadel's Runaway.

June 8—Charles Shadel's horse ran away last evening from in front of his drug store and smashed the two front wheels and shatters of the buggy and tore the harness. Mr. and Mrs. Shadel had driven out to the dredge and while there the horse cut her foot on some barbed wire. Later at the store Mr. Rinard was examining the cut and at the same time Dr. Knott's auto came along and the mare became frightened and ran several blocks west on South street.

BALL & CO. BALL TEAM

Second Nine For Plymouth Are Showing Some Good Sport For Themselves and Others.

Plymouth has two good ball teams this year, the Clippers and the Ball & Co. team. The latter received its name because Ball & Co. furnished the suits for the boys. The Ball boys and the baseball boys got together and concluded to have a ball team, so they called it the Ball team.

Otto Breeze is manager, and Gerald Shriver is captain. Lewis Drake is catcher, Walter Poor pitcher, Gerald Shriver first base, Dallas Glanb second, Chas. Jones third, Earl Schroeder short stop, Russell Ault left field, Fred Siddell center field, William Hardy right field, Melvin Price and Rudolph Schroeder have the honor of being "subs."

The average age of these boys is 13 years and they are certainly a "hunky" team. Their first out of town game was at Lakeville last Sunday, where they were defeated. They have arranged a game with Delong for next Sunday at the Fair Grounds and will show the Plymouth fans some good ball playing.

Children's Story FOR FLETCHER'S CASTORIA

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued. Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for widowhood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good." It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures. If you want a book that tells all about women's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Alumni Defeat P. H. S.

A bal aggregation composed of P. H. alumni defeated the high school team at the Fair Grounds Wednesday afternoon by a score of 10 to 4. The game looked to be a close one for the first few innings but the old timers soon got their stride and secured a good lead on the would be aspirants. Foster Helms in the box with little Johnny Drake stopping the curves was an excellent combination for the ex. P. H. S. players. Wise pitching for the high school boys was easily found for a number of hits. His support was not as good as it might have been, owing to the fact that the team has played very little ball this spring. The players for P. H. S. were: R. Schroeder, Wise, Ely, Price, E. S. Schroeder, Overmyer, Wood, Bowers and Wallace; while the following were on the firing line for the alumni: Drake, Helms, Knott, Thayer, Miller, Foreman, Randall, Leonard and Myers.

Wedding Anniversary.

Mr. and Mrs. L. M. Shakes celebrated their crystal wedding anniversary at their home on N. Walnut street last evening.

About sixty friends and relatives were present and spent a very pleasant time together.

Little Miss Esther Bosworth pleased all with her music. Many costly and beautiful presents were received. A delicious two course lunch was served. At a late hour the friends wished Mr. and Mrs. Shakes many more anniversaries and left for their respective homes.

Orchestra Made Good.

The Sevbold Orchestra which furnished the music at Tuesday evening's High School Commencement exercises did credit to its reputation in its admirable rendition of several numbers. Tuesday evening the orchestra doubtless eclipsed its former efforts of presenting music of a character seldom heard on like occasions, as the enthusiasm of those present would indicate.
